

- 7:50 AM WHICH IS WORSE?: CLINICAL MIMICS OF PEDAL LESIONS** | Theodore Rosen, MD
- Develop a differential diagnosis for select pathological processes on foot, leg, or toenails
 - Compare lesions of similar morphology and determine which is more dangerous
 - Enhance therapeutic skills for select disorders
- ACRAL AND DORSAL SKIN DERMOSCOPY I & II** | Richard Usatine, MD, PhD
- Describe dermoscopic patterns of benign and malignant skin lesions
 - Identify three typical benign dermoscopic patterns of plantar nevi
 - Discuss melanoma-specific structures found on the dorsal and plantar surfaces of the foot
- VITILIGO AND SKIN PIGMENTATION DISORDERS IN SKIN OF COLOR** | Daniel Gutierrez, MD
- Understand the etiology and pathogenesis of disorders that result in hyperpigmentation and hypopigmentation
 - Identify tools that may aid in differentiating between common disorders that may cause skin dyspigmentation
 - Review the current treatment options for both disorders of hyperpigmentation and hypopigmentation
- 10:50 AM MORNING BREAK**
- 11:00 AM NEW AGENTS FOR ONYCHOMYCOSIS** | Theodore Rosen, MD
- Become familiar with new drugs or devices to manage onychomycosis
 - Select agents for onychomycosis rationally
 - Develop a differential diagnosis for onychodystrophy
- BIOPSY TECHNIQUES OF THE SKIN** | Richard Usatine, MD, PhD
- Evaluate options for skin biopsy, including shave, punch, and excisional biopsies.
 - Compare appropriate biopsy selections for skin lesions depending on the type of lesion and its expected depth
 - Discuss the pros and cons of performing shave, punch, and excisional biopsies on the plantar surface
- A REVIEW OF PHOTOMEDICINE IN BOTH BLACK AND CAUCASIAN SKIN** | Daniel Gutierrez, MD
- Review the electromagnetic spectrum and biophysical effects of different wavelengths of light on the skin
 - Review methods of photoprotection
 - Describe the different types of phototherapy used in dermatology, including narrowband ultraviolet B (NB-UVB), psoralen plus ultraviolet A (PUVA), and excimer laser, and their indications, benefits, and potential risks
- EXPERT PANEL ROUND-TABLE W/Q&A** | M. Joel Morse, DPM - Moderator
- Join the Conversation - Ask questions using the GoToWebinar Control Panel Message Platform
- 1:00 PM LUNCH BREAK**
- 2:00 PM WHITE SPOTS ON SKIN: IT'S NOT JUST VITILIGO!** | Theodore Rosen, MD
- Develop a differential diagnosis for hypopigmented dyschromia of foot and leg
 - Employ proper methods to establish the proper diagnosis of white spots on the foot or leg
 - Initiate optimal therapy in a timely manner - when indicated - for white foot and leg spots
- THE TOP TEN RECALLS YOU NEED TO KNOW FOR MONDAY** | Tracey Vlahovic, DPM, FFPM, FCPS (Glasg)
- Discuss the most common lower extremity skin conditions
 - Understand the latest in topical therapy developments
 - Relate how to use the latest therapies in your practice
- ANTIBIOTIC STEWARDSHIP IN AMBULATORY CARE** | Sara Keller, MD
- CRYOTHERAPY FOR THE LOWER EXTREMITY** | Richard Usatine, MD, PhD
- Discuss the use of freeze times and thaw times to obtain an optimal cryosurgery procedure
 - Describe how the optimal halo diameter helps to create the desired treatment
 - Choose the best spray tip based on the patient and lesion
- 4:00 PM AFTERNOON BREAK**
- 4:10 PM THE TOP TEN PEDIATRIC DERMATOLOGICAL CONDITIONS** | Tracey Vlahovic, DPM, FFPM, FCPS (Glasg)
- Discuss pediatric melanoma
 - Understand nail issues in children
 - Discuss treatment options for this population
- MANAGEMENT OF SKIN AND SOFT TISSUE INFECTIONS** | Sara Keller, MD
- SKIN SURGERY FOR EXCISION OF LESIONS: BASIC TO ADVANCED** | Richard Usatine, MD, PhD
- Evaluate data for the safe use of lidocaine, epinephrine, and bicarbonate in local anesthesia
 - Discuss best practices for elliptical excisions
 - Describe two-layer closure with intermediate repair
 - Discuss the use of dog ear (standing cone) repairs
- EXPERT PANEL ROUND-TABLE W/Q&A** | M. Joel Morse, DPM - Moderator
- Join the Conversation - Ask questions using the GoToWebinar Control Panel Message Platform
- 6:10 PM KAHOOT CHALLENGE - NON-CME, LIVE STREAMING ACTIVITY** | M. J. Morse, DPM - Host
- Gift Card Awards (1st = \$100, 2nd = \$50, 3rd = \$25)
